Vimal Joshy

Analyst at IQVIA | Data Science |NITC'23
Bengaluru, Karnataka, India

Summary

Data Analyst | Innovator | Engineer

A production engineering graduate and now a data analyst at IQVIA.

As a Data Analyst working on Patient Analytics, I've delved into the world of data, extracting valuable insights and driving informed decisions. My passion lies in developing innovative solutions .

Proficient in Python programming, I've contributed to projects that enhance efficiency and reduce costs. Whether it's analyzing complex datasets or designing elegant solutions, I thrive on challenges.

Experience

IQVIA

Data Analyst

January 2024 - Present (1 year 10 months)

Bengaluru, Karnataka, India

Working with patient data to gain valuable insights on the medical purchases for various stakeholders. Working on innovation platforms to develop tools and processes to increase efficiency and better insights

MEDGYOR Pvt Ltd.

1 year 10 months

Design Engineer

September 2023 - December 2023 (4 months)

Kozhikode, Kerala, India

Ragam National Institute of Technology Calicut

2 years 10 months

Head at I-Ink (RAGAM'23)

January 2023 - July 2023 (7 months)

Kozhikode, Kerala, India

Headed I Ink Committee of Ragam which is one of the largest cultural festivals in South India. I ink conducts events related to Art, freedom and literature, the soul of ragam. Planned and executed more than 9 events with an amazing team of students from different programs and years of study at NITC. Some programs conducted were Media Panel (Manesh Narayanan, Vinod K Jose, Rajeev), Caste Panel, Gender panel . Thoolpavakooth, Narration of Rajante Katha by Babu Ramachandran etc.

Executive at I Ink

October 2020 - March 2023 (2 years 6 months)

Kozhikode, Kerala, India

Tathva NIT Calicut

Executive at Lecture Committee

February 2021 - June 2022 (1 year 5 months)

Kozhikode, Kerala, India

The Lecture Series is one of the Flagship events South Indian Largest techno management Fest Tathva. I joined the team as a junior executive where we worked with the team to invite renowned speakers to the event and handle the runtime ops smoothly. This experience helped and inspired me to Co-Head LC during T'21 where me with the team worked from sending out invites to last minute of the talk. We had the opportunity to bring in 2 noble laureates and other renowned speakers to the event and make it a grand success

Education

National Institute of Technology Calicut

Bachelor of Technology - BTech, Mechanical Engineering · (2019 - 2023)

Vijayagiri Public School - India

· (2017 - 2019)

Shantiniketan Indian School, Doha , Qatar

· (2011 - 2017)
